A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

GREATER ALEXANDRIA.

The Cost of Making Pig Iron at the Nearest Points to Alexandria Some of the Industries Dependant on Iron and Steel.

Letter No. 5.

Shelton, Va., March 4, 1907.

To the Editor of the Alexandria Gazette.

I hope your readers fully understand the importance of cheap pig iron to the building up of the twin cities of Washington and Alexandria, and of the securing of additional railroad transportation looking to that end, in view of the fact that nature has placed great stores of the best of iron ores and limestone for flux in the nearby territory of the valleys of the Shenandoah and of the south branch of the Potomac, with coal in easy reach.

COST OF PIG IRON AT MOOREFIELD, W. VA., OR AT THE CROSSING BLUEMONT BRANCH SOUTHERN RAILWAY EXTENDED.

1 ton brown hematite iron ore from Capon Iron Works, about 40 miles, ½ cent a mile, 30 cents; mining and royalty say 80 cents a ton	$1.10
1½ tons red hematite fossilliferous ore from an average of 20 miles, ½ cent a ton, 15 cents; mining and royalty say 60 cents a ton	1.00
Limestone, half ton say	.50
1½ tons coke, freight 40 cents a ton; coke $1.50 a ton	2.10½
Labor, furnace	1.25
Wear and tear of furnace per ton	.45
Cost with coke through Greenland Gap	$6.49
Or may bring coke from Randolph county, say 60 miles, add 44 cents freight	.44
Cost of pig iron at or near Moorefield, W. Va.	$6.93

I now present some estimates of the cost of making pig iron in the iron ore territory tributary to the head of tidewater on the Potomac. These estimates are based on what I know about the cost of making pig iron in Alabama and Tennessee and may be liable to some corrections, as I have only partial estimates. This, however, will not materially change them.

COST OF PIG IRON MADE AT BEVERLY, RANDOLPH COUNTY, W. VA., SO AS TO EXCHANGE FREIGHTS WITH A FURNACE AT UPPER TRACT, PENDLETON COUNTY, W. VA. ALL ORES FROM PENDLETON COUNTY, W. VA.

1 ton iron ore from South Mountain, Pendleton county, to Beverly, say from Upper Tract, 45 miles plus 25 miles freight at ½ cent a mile, 53c; mining and royalty 1 ton 80c; cost 1 ton ore at Beverly	$1.33
1 1-3 tons red ore, freight 53c; mining and royalty 60c a ton; cost of 1 1-3 tons ore at Beverly	1.51
1½ tons coke at $1 50; freight 24c, 36c; cost coke at Beverly	2.17½
Limestone half ton	.70
Labor, furnace per ton	1.25
Wear and tear furnace per ton	.45
Cost of a ton of pig iron at Beverly, interest not included	$7.41½

This means the building of about 70 miles of mining railroad, to connect at Petersburg with the B. and O. and the Southern Railway it means the building of 25 miles additional or about 95 miles, supposing the Bluemont branch of the Southern Railway is extended.

COST OF MAKING PIG IRON AT UPPER TRACT, PENDLETON COUNTY, W. VA., WITH AN EXCHANGE OF FREIGHT TO THE BEVERLY, FURNACE.

Cost of pig iron at Beverly, W. Va.	$7.41½
Freight on ores less than to Beverly 53c; freight on 1 1-3 tons coke 45 miles additional to Upper Tract 43c; 43c from 53c is 10c less cost at Upper Tract over cost at Beverly	.10
Cost at Upper Tract, Pendleton county,	$7.31½

COST OF MAKING PIG IRON AT ROMNEY, W. VA.

1 ton brown iron ore, freight 20 cents; mining and royalty 80c	$1.00
1 1-3 tons red iron ore, freight 20c; mining and royalty 60c.	1.07
Limestone half ton	.50
Coke 1½ tons, freight 50c; coke $1.50 ton	$2.50
Labor, furnace	$1.25
Wear and tear furnace per ton	.45
	$6.77
Or bring coke from Upshur county add 70 cents additional freight	.70
Cost at Romney	$7.47

With furnaces at the west and east and industrial cities east and west an exchange of freights will be secured—the west supplying the west and Alexandria-Washington the Atlantic seaboard and foreign markets.

COST OF MAKING PIG IRON AT ALEXANDRIA, VA. ORES FROM MASSANNUTTEN AND NORTH MOUNTAINS, VA., and FROM SOUTH FORK IN HARDY AND GRANT MOUNTAIN COUNTIES, W. VA. COKE FROM UPSHUR COUNTY, W. VA.

1 ton brown ore, freight 140 miles at 3c mile, $1.05; mining and royalty 80c	$1.85
1 1-3 tons fossilliferous ore, freight 150 miles, $1.12; mining and royalty 60c,	2.30
1½ tons coke, freight 246 miles	3.35
Half ton limestone; 60 miles freight	1.00
Wear and tear furnace	.45
Labor, furnace	1.25
Cost 1 ton pig iron Alexandria	$10.20
Bring coke from W. C. R. R. and save 65 miles haul, reduces cost 61c	.61
Cost 1 ton pig iron made in Alexandria,	$9.59

This would entail the building of a railroad from Winchester to Bayard, W. Va., say about 110 miles, or a railroad, say from Broadway, on the Southern Railway, to Randolph county, W. Va., about the same distance. The narrow gauge railroad to Woodstock furnace could be utilized to bring ores from the North Mountain.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

"Fresh Roasted Coffee?—bah! Mother didn't use fresh roasted coffee, she had Arbuckles.'

The way to get a good cup of coffee that tastes like Coffee with all the delicious flavor and aroma intact, is to buy a package of the old original Arbuckles' ARIOSA Coffee, and grind it as you want to use it, first warming it a little to develop the flavor and make the grinding easy. Coffee loses its identity as Coffee after being ground or exposed to the air and is easily contaminated by handling.

Arbuckles' was the first roasted packaged coffee.

The pores of each coffee berry are sealed after roasting with fresh eggs and granulated sugar to hold the goodness in and make the coffee settle clear and quickly; an actual application by machinery, of "Mother's" methods—as patented by this firm.

Sold only in packages, sealed for the consumer's protection, containing one pound full weight. Sales for 37 years exceed the combined sales of all the other packaged coffees. The best coffee for you to drink, and save your money besides. Same old firm, same old coffee. If your dealer won't supply, write to

ARBUCKLE BROS., New York City.

COST OF MAKING PIG IRON AT STRASBURG, VA. ORES FROM MASSANNUTTEN, NORTH MOUNTAIN AND SOUTH FORK MOUNTAINS.

1½ tons brown hematite iron ore from Massanutten or North Mountain, freight 24c, mining and royalty at 80c ton is 104 ton	$1.56
½ ton fossilliferous red ore from South Fork mountain, freight about 70c a ton, mining and royalty 80c a ton	.65
1½ tons coke from near Bayard, W. C. R. R., freight about $1, coke $1.50 ton $1 88	2.88
¼ ton limestone, say	.30
Labor furnace per ton	1.25
Wear and tear of furnace	.45
Cost of making 1 ton pig iron at or near Strasburg, Va	$7.09

A furnace of 250 tons daily capacity must have supplies from several points.

SOME OF THE INDUSTRIES DEPENDENT ON IRON.

I hereby submit a few of the many industries allied to the pig iron industry, as follows: Railroad rails, steel cars, structural steel, iron and tin roofing, tin plants, nails, horse shoes and nails, wire in all its forms, and wire fencing, mowers, plows, steam engines, shafting and general machinery, locomotives, lumber industry outfits, steel ships, armor and armor plate and naval armament, stoves, heating and cooking stove outfits, furnaces, all kinds of hardware and cutlery, blacksmith and machine shop outfits, nuts and bolts, bridges, iron beds, fence posts, galvanized iron work, screws, axes, scales, safes and vaults, laundry machinery, saws, guns and a hundred other things.

A new lumber territory opened up means as much more to all industries allied to lumber, and these mean the coming of fifty or more allied industries and prosperity and wealth for all now here and to come.

ARMOR PLATE AND NAVY SUPPLIES.

I am satisfied that with a proper effort the government can be induced to erect at Alexandria an experimental plant for the making of armor plate and steel to be used in our navy yards, which ultimately will lead to private capitalists erecting great armor plate and armor works here. This cannot be accomplished in a day, but continued and persistent persuasion can surely do it, and this alone means a great manufacturing future for Alexandria—for the twin cities of Washington-Alexandria.

The first thing to do is to get into shape the promotion company.

Respectfully yours,
W. G. DOUGLAS.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by F. S. Leadbeater & Sons, druggists.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAR. 20, 1907.

THE manufacturing fever which broke out in Washington a few months ago has entirely subsided. The board of trade of that city has found itself unable to support a commercial secretary, and has virtually announced to the world that Washington is not desirous of manufactories. Now that the capital city is waving away persons who are seeking sites for plants, the time has come for Alexandria to direct such to the sign posts pointing to this city, which lies but a few miles south, in full view of Washington and with rapid transit between the two cities by ferry and rail. The city of Alexandria affords better sites for manufactories than Washington. Situated, as it is, on the Potomac river and on the line of the trunk railways running between the North and South, it affords facilities unsurpassed by any city in the country. There are no unreasonable smoke laws here to embarass manufacturers, and the hum of machinery and whistles calling workmen off and on are honorable adjuncts to any city, and will be welcomed in Alexandria, or any other place that is seeking prosperity.

A FEW months ago a few men in Washington started a "Greater Washington" movement and for a short time the amount of hot air that was generated and exhausted in that city about what was going to be done was astonishing to all but those who know Washington. It finally developed that Washington was jealous of Alexandria's wholesale trade and wanted to gather it in, but as the Alexandria merchants divined from the beginning what was in the wind Washington's effort was abortive and now nothing whatever is heard of "Greater Washington." That the whole movement has petered out was shown by a paragraph in the Gazette's Washington letter of yesterday which stated that "it was announced by Robert N. Harper Monday night that because of the failure to secure sufficient funds, the plan to have a secretary to the Board of Trade had failed." Why, Alexandria has a Chamber of Commerce with a secretary and pays him a good salary, too. The question now being asked in Washington papers "What is the matter with Washington?" is still unanswered.

THE PAPERS contained accounts of the suicide in New York of Luigi DeBoise because he could not get work. DeBoise, who spoke English, French and German, was a native of Hungary. He lost his position in that country and came with his wife to America. He failed to procure work and his wife was eventually forced to accept a place as chambermaid in New York. DeBoise, unable to find employment, grew despondent and finally asphyxiated himself by illuminating gas. It would seem strange that in this era of alleged prosperity a man with such credentials would be driven to self-destruction from lack of employment.

ACCORDING to Dr. William Hayes, of the Geological Survey, as stated in his lecture on "Coal Fields of the United States," before the University Club in Washington Saturday evening, all the coal mines in the country will be exhausted within the next four hundred years. And so will we.

TENNESSEE has closed the race tracks, Missouri has outlawed the bucketshops and Utah has made bridge whist a crime. At the rate at which moral ideas are spreading, the Stock Exchanges, suggests the Philadelphia North American, will soon have a monopoly of the gambling business.

THE Pennsylvania Railroad's 18-hour flyer made 92 miles an hour in making up lost time on Saturday. If the train had left the track while under such speed hardly a passenger would have escaped death; but railroads now take many risks. No wonder there are many accidents.

A FRENCH court of inquiry decided that the explosion on the battleship Jena was caused by the decomposition of "B" powder. The public thought it was D—— powder.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 20.

Unless the President receives more railroad magnates at the White House, and none are expected at present, public interest in the subject of railroad capitalization, stocks, control and manipulations is likely to die out until the latter part of April. On April 26th President Roosevelt will make a speech at the opening of the Jamestown Exposition and it is his present plan to make a few remarks bearing on railroad matters at that time. When he does it is pretty certain that Wall street will become "jumpy" forthwith. The jumpyness of stocks and the men who deal in stocks concern the President very little, he says. The visit of President Charles S. Mellen, president of the New York, New Haven and Hartford Railroad to the White House yesterday was not productive of any result except to emphasize the fact that the President does not care for the railroad men. Mr. Mellen's appointment at the White House was for 2:30 p. m. When the President reached his office at 2:45 p. m. it apparently did not take Mr. Mellen very long to state his case or the President to give his answer, for the former quietly left the executive presence at 3:12 and hurried for his cab. About all the small army of newspaper men could extract from him was that if anything was to be said about the interview Mr. Loeb would say it. In conversation with friends later the President intimated that Mr. Mellen's ideas seemed very vague and hazy. Just what he wants the President to do or say he has not yet made clear. Neither have any of the other important railroad men who have visited the White House within the last two or three weeks. Besides that no two of them agree over what they do want. From what the President can gather it is evident that the railroad men want him to make some announcement that will "restore confidence." The President is quite willing to restore it, if he can, when he is assured that the railroad men do not want confidence restored in their watered stock. The President maintains that as long as the investors of the country are given no guaranty that the money they spend for railroad stocks will be spent for legitimate purposes, the stock manipulators need look for no help from the administration. The more their paper is hammered on the exchanges the better the President will like it and the sooner the gamblers will be brought to a realization of the fact that the country is wise to their ways. When the President is convinced that the railroad manipulators have turned honest, he will do all in his power to help them win back the people that they have lost.

The information given out yesterday by the Publishers Press concerning the government's proposed policy with reference to railroad bonds as security for public moneys has caused a great flurry among Washington representatives of Wall Street interests. Those in a position to know say that probably by next summer all railroad bonds, now held by the government will have been released. Secretary Cortelyou has not accepted a single railroad, municipal or State bond as security for public deposits since he assumed charge of the department and it is said he will not do so.

Isaac N. Seligman, of New York, had a conference with the President today, lasting about an hour. When he left the President's office, Mr. Seligman said he had been sent for by the President and that the general financial situation had been discussed at length. "The President does not believe" said he, "that he can do anything to relieve the railroad situation, if it needs relieving. All he can do is to enforce the present laws on the statue books. The President said he was not responsible for the action of the various State legislatures. "I do not believe that the money market needs any further relief. Mr. Cortelyou, the new Secretary, seems to have the situation well in hand."

The proclamation issued by the Nicaraguan government promising the soldiers of the republic the loot of the first cities which they can capture in both Honduras and Salvador, is characterized by officials of the State Department and officers of the United States army as inhuman, brutal and uncivilized. There is no excuse for such an order in international law, or in the rules governing war between nations which have been generally recognized by all civilized countries for the past fifty years. Should American citizens residing in Honduran or Salvadorean cities captured by the Nicaraguans and looted under the terms of this order, suffer in any way, it is probable the United States government will call Nicaragua to account. The rules of war adopted by the United States government and generally approved by all the big powers of the world, do not permit of pillage or looting.

Absence of witnesses today necessitated a postponement of the Brownsville investigation until Friday. Secretary Taft has expressed a willingness to defer the departure of the 25th Infantry to the Phillippines, if testimony from officers is desired.

Nicaraguan Minister Cores today showed Secretary a telegram from the Nicaraguan Minister for foreign affairs denying the report that the troops of his country had been authorized to loot Honduranian towns that might fall into their possession. The despatch says that the yarn was fabricated in Honduras for the purpose of influencing foreign sentiment against Nicaragua. It adds that great care is being exercised to prevent pillaging and to keep the troops in order.

President Roosevelt gave a luncheon today to British Ambassador Bryce, the guests including three members of the cabinet, other government officials, and Ben Daniels, ex-Rough Rider and present United States marshal for Arizona.

The Navy Department received a dispatch today announcing the arrival of the United States gunboat Marietta at Puerta Cortes, Honduras. It is expected that the presence of this vessel will relieve the situation at that point and afford proper protection to American interests.

Under the direction of the Secretary of the Navy the naval constructors are rushing the work on the plans for the two new big battleships as rapidly as possible. They are to be 20,000 ton ships of the Dreadnought type, but to exceed even that British battleship both in tonnage and armament. The department is required to give prospective bidders sixty days notice and it is hoped to open the bids July 1st. Naval constructors at the different navy yards will be asked to submit bids for the purpose of comparison with those to be submitted by private concerns. It is expected, however, that the work will be let out to private yards.

Russian Promises.

The ministerial declaration, setting forth the government's programme for legislation, was read yesterday afternoon by Premier Stolypin before the Russian lower house of parliament, assembled in the hall of the nobility.

The government's declaration as summarized is as follows:

Freedom of speech and of the press.
Liberty of faith.
Habeas corpus, on the same basis as other states.
Local self-government.
Reform of the zemstvos.
Responsibility of officials.
Agrarian reforms.
The abolition of the free entry of goods into Vladivostok.
Popular education.

News of the Day.

Count Lamsdorff, formerly Russian minister of foreign affairs, died at San Remo, yesterday.

It was learned late last night that Frank Jones, for years teller of the Charlotte, N. C., National Bank, disappeared Saturday night and much of the institution's available cash is missing.

Miss Selma Adelside Allen, of Atlanta, whom President Roosevelt, in 1905, pronounced the "most beautiful girl I have seen in the South," will be married on April 24 to Leonard Day, an engineer and lawyer, of New York.

Brig.-Gen. John Moore, formerly Surgeon-General of the United States army, and since his retirement a prominent citizen of Washington, died Monday night at his residence there after an illness of about three weeks.

A dispatch from Huntington, W. Va., says that a boiler at the lumber mill owned by Adkins Bros., and located on Shelby creek, on the Upper Sandy, blew up yesterday, killing two men. A dry boiler is the supposed cause of the explosion.

Public demonstrations accompany the submitting to the jury at Elizabeth City, N. C., today of the case of James Harrison, charged with kidnapping and murdering the ten-year-old son of State Senator Beasley, two years ago. It is thought the case will go to the jury late this afternoon.

R. H. Thomas, a traveling salesman, whose home is at Bedford City, Va., attempted suicide at the Hotel Schmitt, in Middletown, N. Y., Monday, and is now in a hospital in a serious condition, but it is thought he will live. He had jabbed a pocketknife into his thigh several times. No cause for the act is known.

Olin Bryan formerly president, and Walter A. Mason, formerly treasurer and a member of the board of directors of the United Surety Company, were both presented in Richmond yesterday by the grand jury on the charge of conspiring to defraud the Munich Fire Insurance Company of the sum of $49,950 on or about March 30, 1906.

A dispatch from Pittsburg, Pa., says that the Monongahela, Allegheny, Ohio, Youghiogheney and Kiskiminetis rivers were rising rapidly last night on account of heavy rains throughout western Pennsylvania. Creeks and other small streams are already swollen beyond their banks. Great anxiety is being experienced by people living in the districts threatened.

The mysterious disappearance of Charles R. Monroe, of Washington, who had been missing from his home for the last five days, was practically cleared yesterday morning, when it was learned that he had committed suicide last Sunday evening in the Kimball House, Atlanta, Ga., where he registered under the name or "C. R. Morgan, Norfolk, Va."

President Mellen, of the New York, New Haven and Hartford Railroad, had an interview yesterday with the President on the railroad situation but is not permitted to tell what took place at the conference. He, like the other railroad magnates who called, has a remedy for prevailing evils, but no two of them alike. The President is in a receptive mood.

Cumberland, Md., is said to be in peril. The Potomac river flood is sweeping through the streets and the business section of the city is suffering. The river is expected to reach a higher stage than last week. Railroad bridges are in danger and lower streets at Piedmont are under water. Train service is again demoralized. A landslide has occurred near Shaw.

Forced to jump for their lives, the crew of the ocean-going tug W. J. Tice, had a narrow escape from death yesterday when the tug was rammed and sunk in the Hudson river opposite New York by the tug Robert Y. Sayres. The Sayres was proceeding up stream with a float when the strong tide caused her to crash into the Tice. The latter sank immediately.

Nine persons, eight of them school children, were instantly killed yesterday and many others injured at Durango, Mex., by the collapse of the roof of the public school building, while the rooms were crowded with pupils. The dead include one of the teachers and eight members of her class. Scores were buried under the wreckage. Many of the victims are dangerously hurt.

Dr. Julius Weinsberg, a well-known physician of St. Louis, is lying in a serious condition at a hospital as a result of being shot four times Monday night by his son Oscar, aged 18 years. The boy, who is under arrest, said he had only recently learned that his own mother died at his birth and that the present wife of Dr. Weinsberg is his stepmother. This caused an estrangement and culminated in the shooting.

It was stated at the White House yesterday evening that the President has given no consideration to the alleged intention of Secretary Cortelyou to compel the national banks to withdraw the railroad bonds they had deposited as security for government deposits. It was added that the question had never been discussed between President Roosevelt and Secretary Cortelyou, and a public statement announcing that Mr. Cortelyou had decided upon this course was said to be absolutely incorrect.

Col. B. F. Blue, postmaster at Grafton, W. Va., committed suicide yesterday morning at his home by shooting. He brooded over the failure to be reappointed postmaster at Grafton. His successor, Dr. Ernest Love, was not confirmed by the Senate, and it is reported that the suicide shortly before his death received a letter from Senator Elkins, telling him that he would be reappointed. It is stated that Col. Blue had been charged with withholding campaign documents in the office just before the last election, and that he was continued in the office pending an investigation.

The Washington police have been asked to arrest Warren Thompson, a race-track follower, who, with Clarence M. Bryan, is charged by Ellen C. Mulcahy, of Washington, with beating her and robbing her in Baltimore of $1,740 after plying her with drinks for a week and bringing her to that city under promise of marriage. Bryan is now held for a hearing, and the woman is detained as a witness, while Thompson, who is at large, is said to have made away with a $1,000 bank note. Bryan who is thirty-one years old, says he lives in Washington, and Miss Mulcahy gave her address as that city. She also is thirty-one years old.

Virginia News.

Mrs. Rebecca D. Lewis died yesterday at her home in Winchester after a protracted sickness, aged eighty-seven years.

The first full-fledged strike in the history of the Norfolk navy yard is on. Not a plumber employed in the department of construction and repairs was at work yesterday. They declared that they will not return until their demand for $4 per diem is granted. There is a prospect that the plumbers employed in the other departments of the navy yard will also strike.

At Culpeper on Monday, Messrs. Carlin, Gordon, Ryan, and Judge Nicol, candidates for Congress were present, but as they could not secure a hall all but Mr. Gordon declined to speak. Mr. Gordon, however, spoke at a street corner. All the candidates mingled with the crowd attending court and all expressed satisfaction at their visit to Culpeper.

A tragedy occurred at Seaboard, in Tazewell county, yesterday afternoon, when C. B. Miles was shot and killed by Richard Ferrell. Miles had been boarding at the Ferrell home. He was ordered to leave, but in doing so attempted to carry Mrs. Ferrell away with him. They were caught making preparations for their departure, and the husband opening fire at once, killed Miles instantly.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: P. T. Burkholder, Finbersville, mold; Wm. E. Gray, Vinton, air compressor; Geo. C. Hohein, Norfolk, medicine spoon; George W. Phillips, Buena Vista; steam-boiler furnace; John J. Westbrook, Danville, safety device for elevator; and James A. Mebane, South Boston, socket for incandescent lamp.

A dispatch from Richmond says that Edward Darling, a young married man, was murdered near Freehill yesterday afternoon by "Kid" Solon, with whom Darling's wife, from whom he had been separated for two weeks, was living. In a fit of jealous rage Darling went to Solon's home. Solon saw him coming, and, going into the yard, opened fire with a shotgun, killing him instantly. Solon and the woman then attempted to make their escape, but were later captured.

Miss Eliza Adkins and Geteer Matherly were married at the home of Rev. J. A. Ponton, in Pittsylvania county, Sunday. Just as the nuptial blessing was being invoked, the irate father of the bride rushed into the room, and, seizing his daughter by the arm, forced her to return home, where she was locked up and not permitted to see her husband. The girl is not yet fourteen years old, and when procuring the license Matherly, it is alleged, stated she was twenty-one. A warrant has been issued for Matherly, who has left the country.

Brothers Fight Duel.

Two brothers who loved the same woman fought with knives and clubs in an East Side saloon in New York early yesterday until both were so desperately injured that they probably will die. The men are George and Giovanni Francesco, who came to America from Palermo about two years ago. There they had been rivals for the hand of the same girl, who eventually accepted George, the elder, and they were married shortly before the trio came to New York. Not long after their arrival George began to neglect his wife, and at length she left him and went to live with her friends in Brooylyn. When the brothers met in the East Side saloon early yesterday Giovanni upbraided George for his treatment of the young wife, taunted him in front of a number of other Italians and admitted that he—the younger brother—still loved the woman. Instantly the brothers closed in a fierce struggle, which ended in the hallway, where they were found unconscious by a policeman. George's head had been crushed by a blow and the younger man had a deep knife wound in the abdomen.

The Board of Education.

The State Board of Education met in Richmond last night and selected two new members in place of E. C. Glass, of Lynchburg, and John T. West, of Norfolk county, who have reached the ends of their terms of office. Capt. West was not a candidate for re-election. The candidacy of Mr. Glass was watched with interest, on account of his views on the school book question, he being an avowed advocate of the multiple list. Mr. West was succeeded by Mr. L. M. Lynch, of Fredserick. Supt. McChesney, of Bristol, was elected to succeed Mr. Glass.

The other members of the board are: Governor Claude A. Swanson, Attorney-General William A. Anderson, Superintendent of Public Instruction Joseph D. Eggleston, jr.—all elected by the people.

Charles W. Kent, N. B. Tucker, jr., and J. L. Jarman—educators elected by the legislature.

Used Dynamite.

Seemingly, some one tried to kill Otto Fentzlaff, a contractor, and Mrs. Mary Phillips, a good-looking widow, at 10 o'clock Sunday night. A stick of dynamite, probably, was exploded at the west end of the double house, 12 Charles street, Montclair, N. J., where Fentzlaff and his housekeeper have been living and which he owns.

The explosion broke all the windows in the house, shook dwellings for blocks around, and tore a deep hole in the ground.

"My only regret is that the explosion did not kill her," said Mrs. Otto Fentzlaff, with emphasis, Monday. All the women and most of the men who dwell in the southern section of Montclair and in Glen Ridge and Bloomfield echoed Mrs. Fentzlaff's words.

Today's Telegraphic News

The Thaw Trial.

New York, March 20.—A rumor about the court prior to the opening today was that David N. Carvalho, the handwriting and photographic expert, who has been in the court room for Thaw every day since the trial began, would take the stand to prove that the signature of Evelyn Thaw to the Hummel affidavit is a forgery. It will be shown, it is said, that through clever photographic juggling work a genuine signature of Evelyn was transferred to the photographic copy of the last page of the affidavit offered in evidence.

Evelyn, it was reported, would swear the paper she signed for Stanford White was not like the sheets on which the carbon copy was prepared.

Jerome was also said to have a sensation up his sleeve in the person of a new witness, just arrived in this county. This witness, rumor had it, is Ida Vera Simonton, who went abroad to bring Mrs. Holman home following her quarrel with Thaw and Evelyn in London in 1903. Miss Simonton was reported to be on a vessel due today from South Africa.

Jerome last night declared he hoped a witness, "who could convict Thaw" would be here today. It was known the defense would fight hard against allowing Jerome to put on any new witnesses at this late hour.

When court adjourn yesterday the fight was hanging fire over the admission of one of the letters written by Harry K. Thaw to Dennison Lyon, the Pittsburg banker.

Delmas sprung a sensation at the very beginning of the hearing by withdrawing the letter he offered last night and calling Dr. Allan McLane Hamilton to the stand.

While the doctor was on the stand excited colloquies took place between Delmas and Jerome concerning the line of the witness's testimony.

At 1:30 p. m. an adjournment of the case was taken until 2 o'clock tomorrow, when Jerome will present his affidavits bearing on the points he made today regarding Thaw's insanity. If the court decides a commission is necessary it will be ordered at once. If not, the regular order of the trial will be resumed at 10 o'clock Friday morning, until which time the jury has been excused.

New York, March 20.—An insanity inquest to determine the mental state of Harry K. Thaw was asked for by District Attorney Jerome today.

The step which had been rumored and looked for in the earlier stages of the trial, came as a total surprise today—the day on which it had been expected that the taking of testimony in the case would be concluded.

A second bomb was then fired by the prosecutor when he declared that if he found the attorneys for the defense possessed certain knowledge which he believed they held he would apply to the appellate court. This hint at unprofessional conduct on the part of the attorneys for the defense brought forth a rapid fire of protest from Thaw's attorneys and the muddle ended with each side protesting its anxiety for an investigation which would reveal everything.

The Thaw jury was later excused until Friday morning.

Clifford W. Hartridge, chief counsel for Harry K. Thaw, after the adjournment today, said: "This means victory for the defense. Jerome has shown and has admitted that he is defeated. The case is now over. Even if Jerome should get a lunacy commission, it would be utterly impossible to prove that Harry Thaw is insane.

Indictment Against Grafters.

San Francisco, March 20.—District Attorney Francis H. Henry has announced that over seventy indictments against grafters in connection with telephone franchises would be issued today. Many of these accusations are directed against Abe Ruef and T. V. Halsey, chief lobbyist of the telephone company. Steps have been taken to secure the arrest of Halsey, who is in Manila. Supervisor Gallagher, who was acting Mayor when Schmitz was away, said in his statement to the grand jury: "I received thousands of dollars from Ruef to bribe the supervisors. In the case of the trolley franchise purchase by the United Railroads, Ruef gave the money to me personally in various instalments. My bribe was $15,000. It was given to me by Ruef. Since the 18th of April I have at various times forbid every member of the Board of Supervisors, except two new members and Supervisor Rea. I bribed fifteen of them on the trolley steal." Mayor Schmitz is held under close surveillance.

Not Dr. Marvin's Son.

Dover, Del., March 20.—Dr. Horace Marvin, whose face in less than three weeks has taken on the marks of half a century, collapsed at his home early today when informed that the lad held at Erie, Pa., was not his four-year-old son, who had been missing since March 4. The old man wept and cried out against fate. The story from Erie, apparently confirmed last night, brought hope and life to the father. The blow today may prove too much for him. When the lad held at Erie, Pa., was identified as John Morrel, of Fredonia, N. Y., the Pinkertons, the State officials and the volunteer searchers were again thrown back into the depths of the mystery which they have been unable to penetrate. Today they are again searching Delaware Bay, but the collapse of Dr. Marvin has thrown a shadow of hopelessness over every one here and it is a faint-hearted search.

The Statue of Stuart.

Providence, R. I., March 20.—The heroic statue of General J. E. B. Stuart, which is to be erected in Richmond, was announced today by the Gorham Company to be completed. The statue is of bronze, and the horse and rider stand fourteen feet ten inches. It is by Fred. Moynahan, and is one of the finest ever cast here.

Killed by Boiler Explosion.

Birmingham, Ala., March 20.—Six persons, five of them negroes, were killed today by the explosion of a boiler in the Woodward Iron Furnace. The cause of the accident is unknown.

Flight of Jews.

Vienna, March 20.—Jews are fleeing by the thousand from Roumania in fear of their lives, owing to the peasant revolt in that country, according to direct advices from the Roumanian border. Hundreds of Jews have been mobbed and driven from their homes, many of them being killed or brutally treated. House and shops of Jews have been burned and the buildings looted.

Russian agitators are held responsible for the outrages.

Scores of Russians are reported to to have crossed into Roumania and incited the peasants to revolt. Nearly a dozen towns, it is reported, today, have been pillaged and fired. Anyone offering resistance is killed instantly. The town of Bardujeni is reported burned to the ground and Dorohoi, Leorda and other towns have been fired.

Two thousand Jews have already crossed the border and frontier towns are crowded with the fugitives. All possible aid is being given the refugees by the Austrian authorities, who are allowing them to cross into this country.

Vienna, March 20.—Soldiers called out to stop the revolt of Roumanian peasants against the Jews today refused to fire upon the rioters who are attacking the cities in great hordes, murdering and looting. The Jews are fleeing for their lives with little hope of escaping. Telegrams from Bucharest and Limberg say the riots have become so extensive that an army corps has been mobilized and all reserves called out.

The peasants have pillaged and burned Botoshan, Dorohoi, Buceci, Vaersti, Mihaileny, and Leorda. Botoshan suffered worst. More than two thousand peasants attacked the town, killing women and children and all men who offered resistance. For three days they rioted through the city, which was a prosperous municipality of about 30,000 inhabitants. Half the citizens were Jews. Thousands of fugitives arriving at Bukovina tell tales of horrors unspeakable. The refusal of the military to stop the rioters is looked upon here as a direful condition of affairs.

Crisis Between King Leopold and His Ministers.

Brussels, March 20.—Details of a crisis between King Leopold and his ministers of so serious a nature as to cause the monarch to again consider abdication, has come to the knowledge of the correspondent of the Publishers Press from the highest and virtually unimpeachable sources. Details of the trouble, which has not yet become publicly known, show that the crisis was the outgrowth of the the government's intention to probe the relations of King Leopold and the Congo Free State, more especially the financial administration of King Leopold and the privy domain. Despite the objection of some of the ministers desirous of preserving the good will existing between the king and the parliament, a number of questions were formulated and Chevalier Vanderlist, general secretary of the foreign office, was deputized to put the questions to Leopold, who was resting at his villa at Beaulieu, near Cannes. When the nature of the questions dawned on the king, he flew into a violent rage. "Do they call me a thief?" he demanded dramatically of the the luckless messenger. The king's anger was so great that he is said to have become violently ill and to have been confined to his bed for some days. Meanwhile, the ministry was in consternation for fear that the monarch would carry out his threat to force all the resignations. The crisis, however, was averted solely because of the king's realization of his inability to get another cabinet equally satisfactory.

Complications in Divorce Suits.

New York, March 20.—New complications were added to the already complex troubles of John E. Roosevelt, cousin of the President, today, when he was notified that Mrs. Hannah M. Klemme had filed suit for $100,000 against Mrs. Roosevelt on the charge of slander. Yesterday Roosevelt was busy explaining how he happened to be named as a corespondent in the divorce suit of his brother-in-law, Constant A. Andrews, and attending to numerous phases of the trouble growing out of the $400,000 estate of his wife's sister, who is in a sanitarium. Now Mrs. Klemme, who was a nurse in the Andrews' home, has stepped into the muss with double effect. She is suing her husband for non-support. Klemme, in turn, charges Andrews with being "guilty of misconduct" with Mrs. Klemme, who today asserts in court that Mrs. Roosevelt made slanderous statements about her to a reporter. The divorce suit filed by Andrews naming Roosevelt as corespondent was brought by the firm of which Alton B. Parker is the head.

Vote to Strike.

Chicago, March 20.—Trainmen and conductors on all railroad systems running west of Chicago have, by an overwhelming majority, rejected the advance in wages offered by the railroads and have voted to strike, if necessary, to enforce their demands. This information has reached the city in advance of the official canvass of the vote, which begins today. Unless the railroad managers recede from their position and make further concessions a strike of 50,000 men, which would practically tie up every road in the west, is imminent. The vote was taken on the question of a compromise offered by the railroads. The men refuse a ten per cent raise, according to the information, and stick to a demand for a 12 per cent increase and an eight-hour day.

Four Thousand Men Idle.

Wilkes-Barre, Pa., March 20.—The strike of the employees of the Kingston Coal Company promises to tie up the three collieries operated by the company, and throw nearly 4,000 men into idleness. Two thousand men are idle and a mass meeting will be held at Plymouth tonight to call out every man employed by the company. The trouble started through the installation of new breaker machinery, which dispensed with the labor of several men.

Killed in Feud Battle.

Whitesburg, Ky., March 20.—Another feud battle was fought between the Boggs-White feud faction in the Cumberland mountains in which two of the leaders, John W. Boggs and Jesse White, were killed outright and another member of the Boggs faction was mortally wounded. Some fifty shots were fired. Other members of the feudists are preparing arms and ammunition and a second engagement is expected.

The Argo Red Salmon Cook Book gives thirty-nine recipes for preparing Salmon and sauces. Ask your grocer for it.

Councilmen in Contempt.

Nashville, Tenn., March 20.—The members of the Nashville City Council, who are charged with being in contempt of the Tennessee House of Representatives, in adopting resolutions condemning Speaker Cunningham for utterances reflecting on the council, met in the city hall yesterday, where warrants were served on them. They were directed to appear before the bar of the House tomorrow to make answer and show cause why they shall not be imprisoned.

New York Stock Market.

New York, March 20.—At the opening this morning there was expressed a sentiment of relief, both here and in London, over the non-announcement of actual insolvency as had been apprehended. By the end of the first half hour net gains had been established. The general market by 11 o'clock had receded 1 to 3 points from the highest, but later recoveries of a point or more from the recessions took place. The market, however, was nervous. Toward 11:30 the market again became reactionary, smelting showing special weakness.

The Four Hundred Losses.

That the members of the Four Hundred in New York have been caught heavily in the slump of stock values was stated yesterday in the Wall street district upon good authority. The losses of a group of young society men and women has been conservatively placed at $20,000,000. The head of a family whose ancestor was the founder of one of the greatest railroad systems is said to have been 100,000 shares long on Union Pacific. His loss in this stock alone was over $3,000,000. A woman member of the Vanderbilt family is also said to have been a heavy loser.

A close friend of the young railroad man, also a society leader, is said to have been almost "broke" in last Thursday's crash. He has since sold his new 70-mile-an-hour automobile to get ready cash, and only yesterday is reported to have put his Tuxedo villa on the market.

The rush into the market of Thomas F. Ryan is said to have been principally to save from absolute loss the first named society speculators. That he was successful is said to have been accomplished only by rapid manipulation of large blocks of Interborough and Consolidated Gas.

That society was hit hard by the crash did not become known until its members began to negotiate their old line securities. The women are reported to have been drawn into speculation through their male relatives, said to have been the tools of the big financiers.

The losses of the smart set are causing much talk in the financial district. It is said that the gayety of Newport will be curtailed through the lack of money.

To Shorten Reunion Time.

A movement to curtail the season of the Grand Camp reunion of Confederate Veterans to three days is in full swing in Richmond. The programme arranged provides for the ceremonies to extend through five days, from May 30 to June 3, inclusive.

The time set for the monument unveiling is the last day of the reunion, and they argue that there will scarcely be a corporal's guard of the veterans remaining in the city at that time. Colonel Northern expresses the belief that on Sunday during the reunion there will be a grand rush for the Jamestown Exposition grounds, and that the exodus will carry practically all the visiting Confederates out of the city.

By curtailing the time of the reunion the date for the unveiling will fall on Saturday. This new programme will probably be arranged.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

May-Kirk Wedding.

The Methodist Protestant Church in this city was the scene of a very pretty wedding last evening when Miss Adelaide Ursula Kirk became the bride of Mr. James William May, both popular young people in society circles. Promptly at eight o'clock the bridal party entered the church and proceeded slowly up the aisle to the strains of Lohengrin's wedding march, played by Miss Elanche Pullman, where they were met at the altar rail by Rev. J. W. Kirk, of Baltimore, uncle of the bride, who performed the ceremony. The bridesmaids were Miss Edna Monroe Reed, Miss Elenore Hance Watkins and Miss Emily Virginia May, sister of the groom, all of this city, and Miss Florence Ethel Smith, of Washington, D. C. They wore gowns of white crepe de chine over taffeta and carried large bunches of Easter lilies. The bride's sister-in-law, Mrs. Harry Dailey Kirk, was matron of honor, and wore a gown of white crepe de chine over taffeta trimmed in duchess lace and carried white roses. The bride's sister, Miss Edyth Olivia Kirk, was maid of honor and wore a gown of nile green chiffon cloth over taffeta and carried white roses and hyacinths. The bride was lovely in a beautiful gown of ivory white messaline satin with trimming of chiffon and seed pearls. Her veil was held in place with a wreath of orange blossoms and her only ornament was a pearl necklace, the gift of the groom. She carried a shower bouquet of bride's roses and lilies of the valley. Mrs. Harrison Kirk, jr., mother of the bride, wore a beautiful gown of pearl gray chiffon cloth over taffeta with trimmings of violet velvet and white chiffon. The groom's best man was Mr. Harry L. Reed. The ushers were Mr. Lewis Woodward, Mr. Carrol May, brother of the groom, and the bride's two brothers, Mr. Orlando H. Kirk and Mr. Harry Dailey Kirk. The bride was given away by her father, Mr. Harrison Kirk, jr. Immediately after the ceremony a reception at the bride's home, 208 north Columbus street, was held for the bridal party and family only. The church was beautifully decorated with palms and Easter lilies. The house was a bower of southern smilax and Queen Beatrice roses. The young couple left at eleven o'clock for an extended trip through New York and Canada.

Assaulted Colored Boy.

A white man named George Putnam reached this city last night from Fairfax county via the electric railway and left the train at Prince and Royal streets. He took several drinks after which, it is alleged, he wantonly attacked a colored boy named Charles Venney, using a blackjack on him. The boy, however, escaped serious injury. Officers Young and Nicholson soon appeared and took Putnam in charge. He resisted the officers and Officer Young was forced to use his baton, inflicting a scalp wound on the prisoner. Putnam was brought before the Police Court this morning, when he stated that he was from Belmont and that he was a fisherman by occupation. He further said that he had no recollection of his experience last night. Justice Caton concluded that he had received enough punishment for his indiscretion and dismissed him with the understanding that he would return to his home. One of Putnam's arms had been injured before he reached this city, and he was attended by Dr. Warfield before he left the station house.

Accused Dismissed.

It appears that several fights occurred in the vicinity of Duke and Peyton streets (Stone Bridge) last Saturday. Parties to the first row were in the Police Court Monday, and most of those engaged in two others that followed were arraigned this morning. The plaintiff, however, failed to identify the parties who precipitated the disorder, while he was accused of discharging a pistol and of posing with a chip on his head. The accused, two young white men and a colored man, were dismissed. Complaint is often made by people living in West End of the fact that numbers of persons are allowed to congregate at that intersection night and day. They are at times disorderly and annoy peaceable people who are compelled to pass them. Chronic complaints are also made of corner-loafing in other sections of the city. The law against such practices is plain, especially when the gatherings are an annoyance to other people, and why the police fail to enforce it is often a subject of comment.

Case Continued.

The case of John Travers, jr., E. J. McDermott, Tanner Trigger and Luther Sutherland, charged with assaulting Rev. J. B. Hopkins, colored, in the northern section of the city on Wednesday night last, was called in the Police Court this morning, but postponed until next Wednesday morning, as the victim of the assault is still in a Washington hospital and unable to appear. As has previously been stated, the motive for the assault on the preacher is unknown. He states that while he was walking on the street he passed four young men. He did not speak to them nor they to him, and after he had walked a few yards they rushed upon him, knocking him down and kicking him.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A young white man, arrested by Lieutenant Smith charged with disorderly conduct, forfeited his collateral by failing to appear.

Preston Withers, colored, arrested by Officers Gill, Jones, Henderson and Young charged with being drunk and disorderly and with defacing the property of Lizzie Drayton, colored, was fined $10. He was fined $10 additional for escaping from jail recently.

George Putnam, arrested by Officers Young and Nicholson charged with assaulting Charles Venney, colored, was dismissed.

Two white and a colored man, arrested by Officer Bell charged with disorderly conduct, were dismissed.

Mr. Carlin Endorsed.

A number of voters of the Eighth Congressional District of Virginia are employed in the naval gun factory at the Washington navy yard. Owing to the fact that Congress at its last session failed to enact certain desired legislation for the gun factory, word was passed around that the employes should take measures to bring the requirements of the factory to the attention of members of the national legislature whenever an opportunity presented itself. In comformity with this suggestion, the voters of the Eighth Congressional District of Virginia who are employed in the naval gun factory, at the last regular meeting of the Pattern Makers' Association adopted the following preamble and resolution:

Whereas, Mr. C. C. Carlin, of Alexandria, Virginia, having announced himself a candidate for Congress from the Eighth District of Virginia, the members of our association, a number of whom are voters in that district, recall with pleasure the great interest he has always manifested in the upbuilding and extension of the naval gun factory, and

Whereas, the continued expansion of this great gun and armament plant, which numbers among the various mechanics employed there so many of the citizens of the Eighth district, renders it necessary that a representative from that district be one conversant with the needs of that establishment, and

Whereas, Mr. C. C. Carlin is so firm a friend, and so well acquainted with whatsoever legislation as is required to make this establishment the greatest in the world,

Therefore be it resolved, That we, the members of Washington Association Pattern makers' League, do cordially and most respectfully urge the voters of that district by their votes to send to the national Congress one whom we believe will be of much material benefit to said district.

A. J. BERRES, President,
EDWIN M. BIRRELL, Secretary.

Death of Mrs. Shattuck.

Mrs. A. DeK. Shattuck, widow of Lucius Holden Shattuck, and daughter of the late John T. and Lucy Lynch Armstrong, died at her home on Prince street this morning at 5:30 o'clock. Mrs. Shattuck on Saturday last was in Washington to see her sister, Mrs. Robt. W. Falls, who was confined to her home by serious illness, and while walking with the aid of a crutch to the train had the misfortune to fall and break the hip of the limb that had been fractured several years ago. Miss Lou Armstrong, who accompanied Mrs. Shattuck, summoned assistance and had the unfortunate lady brought to this city where skillful surgical aid was promptly rendered. Mrs. Shattuck was a member of the Presbyterian Church, and although for a long time sorely afflicted, submitted to the divine will and bore heroically intense agony, the result of her injury, without a murmur, and the loss to her many sorrowing friends is made more reconcilable, when they remember the glad joy with which she welcomed the final call—"the joy of the believer."

The Wright Case.

James E. Clement, counsel for James Thomas, alias Wright, of Alexandria county, convicted of a criminal assault upon Miss Mabel Risley, on September 9th, near Luna Park, has announced that he will present to the Court of Appeals next Saturday a petition to rehear the application of Wright for a new trial. The Court, with four judges present, refused the application a few days ago. Judge Harrison will be present on Saturday, Mr. Clements says that he hopes to secure an order for a new trial. Judges Whittle and Cardwell were for another trial when the former petition was presented. Mr. Clements says he will spare no personal expense to exhaust every method to save Wright, as he believes he is innocent of the crime.

Musical.

The musical given by the directors of the Alexandria Free Kindergarden, assisted by Mrs. Oscar Carter, at Lee Camp Hall last night, was well attended. The programme included solos by Mrs. Hulfish, Mrs. Fowler, Mrs. Woolls, and Messrs. Kenneth Ogden and Richard Wirt, with Miss Armstrong as pianist. Miss Pollard acted as reader. Several selections were rendered by the Alexandria Mandolin Club. The proceeds of the entertainment will be devoted to the kindergarten work.

Fire at Falls Church.

The house near Falls Church, which is being temporarily occupied by Mr. George A. Forbes till he could build a residence, was burned about 10:30 o'clock last night together with its contents, causing a loss of $1,000 on which there was no insurance. The occupants of the house were all absent when the fire occurred, and despite the efforts of the neighbors the house and everything it contained were consumed.

Men's Meeting.

There will be another men's meeting held in the Presbyterian Church next Sunday afternoon at 4 o'clock, when Mr. Percy S. Foster, of Washington will deliver an address on "Hallelujahs Crystalized into Work." There will also be solos by several of the best male vocalists of the city, and special music by a large choir of male voices. The men of the city are promised another treat.

W. C. T. U.

Mrs. Amy C. Weech has been for the last week in Richmond working under the auspices of the Henrico county W. C. T. U. delivering addresses in the Methodist, Baptist and Christian churches. A number of young men signed the pledge at the meetings.

Spring.

As a farewell to the winter there was rain yesterday and last night but the skies cleared today. Spring is scheduled to arrive at 1:32 p. m. tomorrow at which time the sun will pass into Aries, that quarter of the sky from which the springtime comes.

International Fire Association.

The meeting of the International Fire Association which adjourned in Washington today was very interesting. The next meeting will be held October 8. The following chiefs were entertained by Chief Pettey, of this city, this evening: Belt, of Washington; Harton, of Baltimore; McFall, of Roanoke; Tyson, of Louisville, Ky.; Haney, of Jacksonville, Fla.; Magie, of Dallas, Tex., and Kellogg, of Sioux City, Iowa.

Basketball.

The Alexandria Athletic Association basketball team will play the Berwyn, Md., team tonight at their hall on King street. Berwyn comes here not having lost a game this season and it up to the local team to play its best to uphold its good work. The Alexandria boys have won the last eleven games played and a good game is promised all who attend. Ladies are cordially invited to attend.

Fairfax.

Neither of the candidates for Congress was at Fairfax on Monday, court day, they being at Culpeper; still there was much "politicing" going on. It is said that a meeting of the bar to endorse a candidate for judge was not held because the members could not agree upon the one to be endorsed.

The Late J. M. Thorne.

As was stated in the Gazette of that day Mr. Jacob M. Thorne, a prominent citizen of Fairfax county, died on Tuesday morning, after a long illness at his home near Falls Church.

Mr. Throne was sixty-two years of age and a native of New York State, removing to Virginia with his parents in 1848. They located at Pleasant Valley, in Fairfax county, that year, where they remained until moving near Alexandria during the civil war. Soon after the close of the war Mr. Throne accepted a position in the United States internal revenue service, locating at Winchester in 1867, where he remained until 1872, when he moved to Falls Church and connected himself with the Munson Hill nurseries, remaining in their service until his death. In 1885 he was elected a member of the Virginia legislature. He was for a number of years chairman of the county republican committee, and until recently a member of the State committee. He also served as a member of the board of supervisors of the county for a number of years.

In 1867 he was married to Miss Mary E. Roberts, a daughter of the late Jonathan Roberts of Cedar Grove, and is survived by his widow and nine children.

FINLEY PLEADS FOR RAILROADS.

At the annual dinner of the Atlanta Chamber of Commerce last night President W. W. Finley, of the Southern Railway, who was one of the principal speakers, devoted his remarks entirely to the relations between the railroad on the one hand, and the people and the State and the national government on the other hand. Without referring to any specific action by Congress or the State legislatures, Mr. Finley indicated his belief that the present trend of legislation endangers the prosperity of the railroads and of the country alike.

Mr. Finley said it had always been the desire of the railways to maintain cordial relations with the people along their lines and that the railways must cultivate the good will and co-operation of the public by the adoption and promulgation of economically and commercially sound principeles in the conduct of their business. Mr. Finley reviewed the progress of the South and said that its pressing need today is for better and more extensive transportation facilities.

After referring to the public aid given to railway construction in the early days Mr. Finley said the great need in the economic situation in the South today is that the entire people of that section should realize that the period of railroad construction has not passed and that there is now as much need of encouragement, not financial, but of a moral favor and support of the public, as ever.

Whilst approving the policy of improving rivers and harbors at public expense, Mr. Finley contrasted the attitude of the public toward carriers by water and by rail.

"It has become popular," Mr. Finley concluded, "to discredit the purposes of the railroad manager. Whenever he announces a policy intended to improve the relations between the carriers and the public, and founded upon broad and just principles, there are those who question his sincerity. An effort is made to make of him a thing apart from the good and patriotic men of the community. I appeal against such a sentiment to the sense of right and justice of the American people. We, who are striving to improve the conditions and to perform well our public duties, must be admitted to your confidence and upheld by your encouragement. The task at best is hard. The conditions that surround us are more trying. We can only succeed if the sincerity and honesty of our purposes are recognized by the people and we are upheld by their generous favor and co-operation."

FAIR PLAY.

Thomas Bailey Aldrich, editor, author, and playwright, died at his home in Boston late yesterday afternoon, aged seventy. Some weeks ago Mr. Aldrich underwent a severe surgical operation.

Two negro women were shot to death by a mob at McKamie, six miles south of Stamps, Ark., today. The women had been locked up in the schoolhouse and a guard put in charged with using a razor with probably fatal effect on Mrs. Ella Rhoton, a white woman and her daughter, and kicking Mrs. Rhoton's son. The men guarding the prisoners in the schoolhouse made little resistance to the lynchers.

"Ignito" Self-lighting Gas Mantle.

No matches required—just turn on the gas, Ignito lights.

"Ignito" Mantles are economical, reliable, and safe. They give a greater volume of light and use less gas than ordinary gas mantles.

No matches are required, and they light as soon as gas enters the mantle, thus preventing any possibility of asphyxiation.

25c per mantle.
Price heretofore, 35c.

3 BOTTLES Whiskey FREE

AND

6 Full Quarts Carolina Whiskey For Only $2.95

Carolina Whiskey will give excellent satisfaction. It is a well aged article and in our estimation, far superior to the decoctions and mixtures sold by irresponsible mail order whiskey houses at $3.00 to $3.50 per gallon. We make a special price on CAROLINA WHISKEY to show that we are not afraid of any kind of competition. Our plants cover fourteen acres, making us the largest mail order whiskey house in the world.

3 SAMPLE BOTTLES FREE. Cut out this advertisement and return it with $2.95 and we will ship you by express 6 full quarts of Carolina Whiskey and we will include in same box, complimentary, a sample bottle of each, "Zuleka," "Gold Band" and Casper's 12 Year Old White Corn.

SPECIAL NOTICE! We deliver the above express prepaid anywhere in North Carolina, Virginia and West Virginia, but customers living in other states reached by Adams or Southern Express Companies, must remit 50c, extra. Buyers east of Mississippi River residing on some other express lines must send $3.95 for the 6 quarts and 3 sample bottles and we will prepay express. Remit cash with order and address:

Interesting Poker Game.

A poker game, in which $100,000 has already changed hands, has been in continuous progress at the Magnet Hotel, Chicago, since Saturday afternoon, and unless it is interferred with is good for a week longer. In the game are some of the biggest gamblers in Chicago, including Mont Tennes and "Bud" White. Tennes, dictator of the Chicago handbook combine, was $200,000 loser at 6 o'clock yesterday evening. Late last night he had been able to reduce the amount to $10,000, and is still in the game with no intention of quitting. The game started with four persons, and last night two more were sent for, a wealthy business man and a politican from the stockyards district, so that it is now six-handed. The four original players have hardly slept since they sat down to the table, and have eaten very little. Nearly every pot is worth at least $1,000.

ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

Painted His Baby Green.

Jas. Cooms, of Darien, Conn., was arraigned in the Police Court at South Norwalk yesterday on the unusual charge of painting his baby green on Sunday. Cooms was on parade Saturday night, and was still going some on Sunday morning when he marched home with a pot of paint. His wife was asleep, and while she slumbered he painted his young hopeful green and then left the house, to resume his celebration. Mrs. Cooms was shocked when she awoke and saw that her infant had turned green over night. When she learned what had happened she became very angry. The child had licked off some of the green paint, which failed to agree with it. Mrs. Cooms had her patriotic spouse arrested and appeared in person to make the charge. He was fined $7 and sent to jail for 30 days.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well-knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Little globules of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
